ADOLF ODHIAMBO

Computer Scientist - (Data Science , Machine Learning and AI , software Engineering).

I am a recent computer science graduate with a strong foundation in JavaScript, Arduino programming, machine learning, data science, and software engineering. I excel in developing dynamic web applications, integrating hardware and software, and leveraging machine learning algorithms. As a software engineer, I prioritize clean code and collaborative problem-solving. Making a positive impact and staying up-to-date with advancements in technology drive my passion for this field. I look forward to contributing my skills and enthusiasm to your organization.
